

How to Quickly Connect Your Library Resource List to Blackboard

([Alternate 2 minute YouTube Video Option](#))

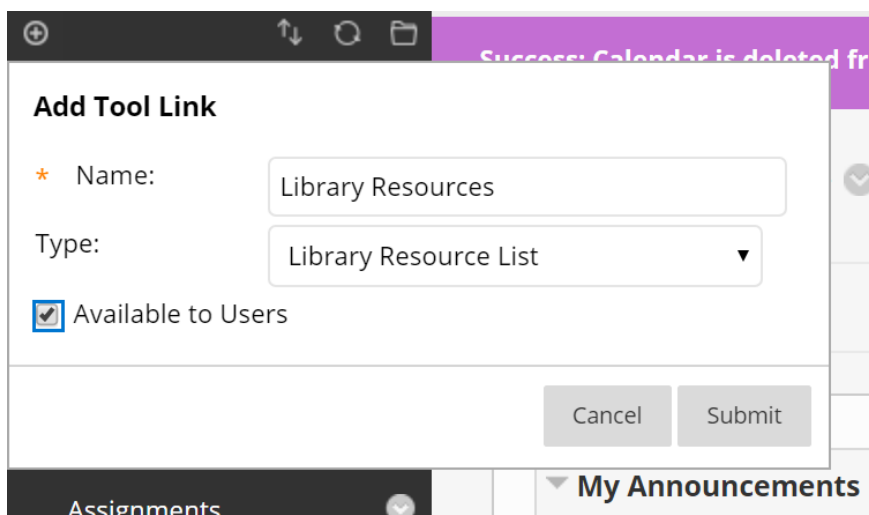

Step 1

- From your Blackboard Course Home Page select the **+** button in your left main menu.
- From the drop-down menu choose **Tool Link**.

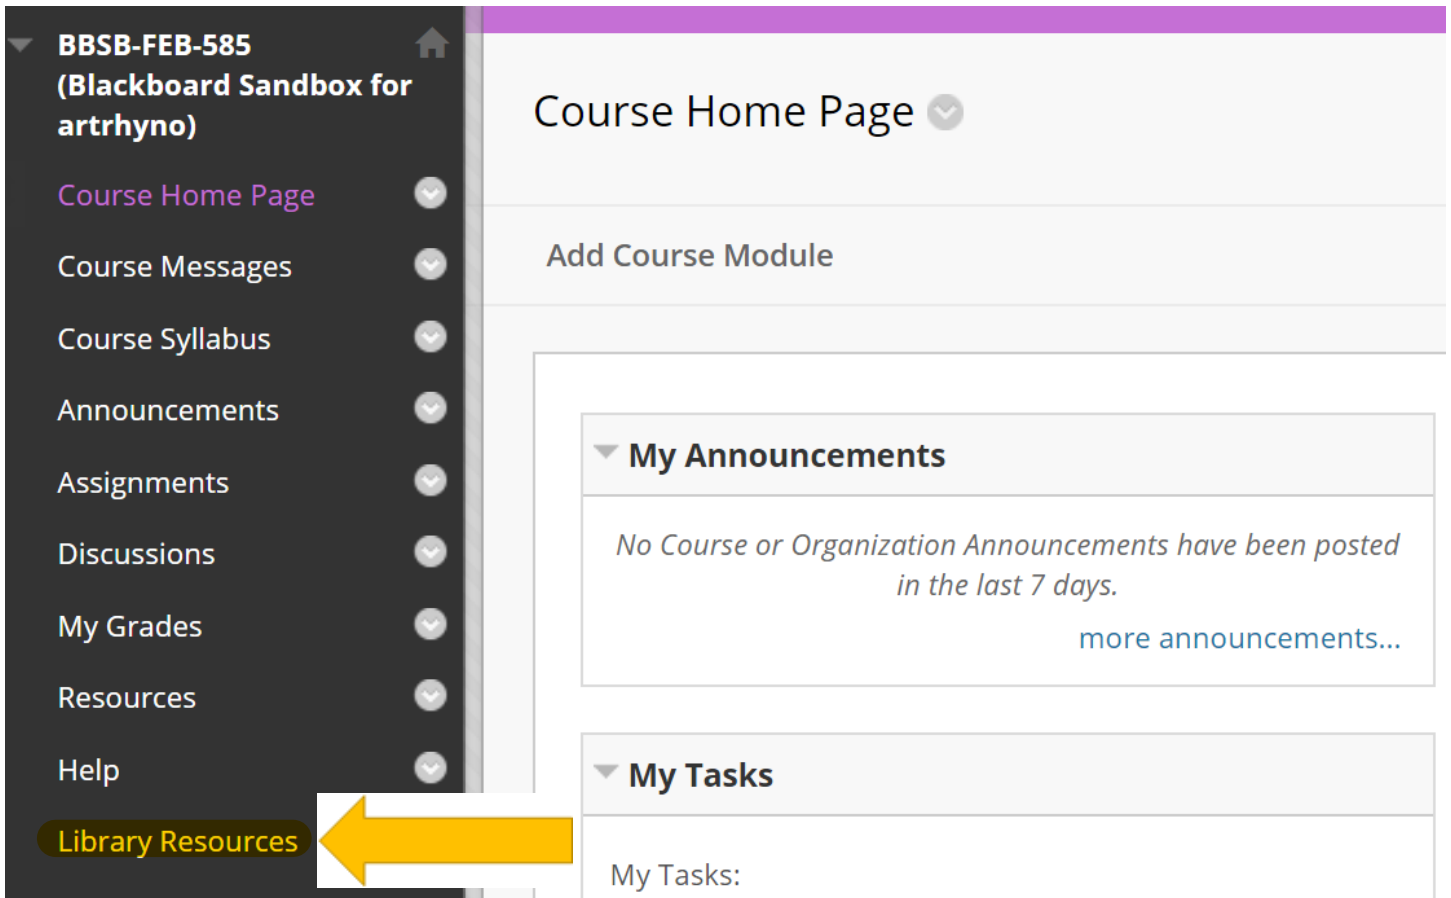

Step 2

- From the Type drop-down menu, select the **Library Resource List** option.
- Provide it a **Name** that your students will see (such as Library Resources)
- Make sure you check off “**Available to Users**” and select **Submit**

Step 3

Click your newly created tool link to start the process of submitting your list. Students will use the same link to access the reading list.

The image shows a Blackboard course interface. On the left is a dark sidebar with a list of navigation links: BBSB-FEB-585 (Blackboard Sandbox for arthrino), Course Home Page, Course Messages, Course Syllabus, Announcements, Assignments, Discussions, My Grades, Resources, Help, and Library Resources. The 'Library Resources' link is highlighted with a yellow background and a yellow arrow points to it from the right. The main content area has a purple header bar. Below it, the page title is 'Course Home Page'. There is a button for 'Add Course Module'. Below that, there are two sections: 'My Announcements' which shows a message that no announcements have been posted in the last 7 days, and 'My Tasks' which is currently empty.
