Historical Business Journals and Journal Databases

The following are some basic resources for finding historical business journals and journal databases. The list is not exhaustive. If you do not find what you are looking for, please contact [Katharine Ball](#) at (519) 253-3000, ext. 3852. Some of the resources are freely available on the web. Others are Leddy Library subscriptions; if you are off-campus, you will have to sign on with your University of Windsor ID and email password.

Both of the general online business databases index some of the older business journals. In quite a few cases, the full-text of these journals is also available online. Business Source Complete, for example, has the full-text of the Harvard Business Review back to volume 1 (1922).

There are also **print journal indexes**:

Many of the older journals are only available in print and/or on microform. If the journal you are looking for is not listed in the [Journal List](#) on the [Leddy Library home page](#), then try searching the [Catalogue](#). If the Leddy Library does not have access to a journal/journal article you are looking for, then you can order it through [Document Delivery/Interlibrary Loan](#). There is normally no charge for this service.
