

ACCESSING LIBRARY SERVICES REMOTELY

While the Leddy Library has closed its physical building, we continue play an integral role in the teaching, learning, and research mission of the University and provide services to support the staff, faculty, and students as well as maintain many of our ongoing projects and initiatives.

Contacting the Library

The best way to connect with library services and personnel remotely is via email. You can find contact information for various services, departments, and personnel on our website: <http://leddy.uwindsor.ca/contact-us>

 LeddyLibrary@uwindsor.ca

Online Library Materials and Resources

To ensure the safety of our users and our staff, the print collection is not accessible at this time. This is in alignment with other academic libraries across Canada. We are continuing to explore all options to increase access to our collections.

You can access our online resources including articles, books, and videos from home using **Omni** along with **other research collections**.

Interlibrary Loan is only available for electronic journal articles.

Online Course Resource Lists (Reserves)

Library Staff will work with faculty to connect students to the library's electronic resources. Our Course Resource List system is easily integrated directly into your Blackboard course site.

To get started please visit our website or email us at courseresources@uwindsor.ca.

Print Alternatives

The Library will work with you try to find electronic alternatives for print resources that you would normally place on reserve.

Your department or faculty liaison librarian can also help you with identifying resources.

If you have questions about copyright please **contact us**. The University Fair Dealing policy provides guidelines for use of copyrighted materials.

Several vendors and publishers have temporarily opened their collections to make eResources available to universities. The **Library has worked to track these resources** and enable their discovery in Omni. Whether these resources will continue to be available throughout the summer is unknown. If there is a resource that you would like to consider adding to our collection, please contact your liaison.

Reference and Research Services

Virtual reference and research support are available to staff and students. Leddy Librarians have increased staffing for **LiveChat services** to accommodate student and faculty support online. Many liaison librarians are providing virtual appointment services.

Academic Data Centre

The Academic Data Centre (ADC) assists with data discovery and access in support of teaching and research as well as provides support for data transformation and statistical analysis using various statistical and GIS applications. Whether you are collecting your own data or seeking assistance with secondary data sources, please contact us for help at via email libdata@uwindsor.ca

Leddy Library
University of Windsor

Archives & Special Collections

The archives' physical location is currently inaccessible, but staff continue to field reference questions and other inquiries via email archive@uwindsor.ca.

Open Access, Scholarship at UWindsor & Digital Initiatives

The library's open access publishing and repository services are still available. Please contact scholarship@uwindsor.ca

To get an overview of a broad range of our digital services and locally developed digital collections please visit the Centre for Digital Scholarship website <https://cdigs.uwindsor.ca/>
