

SUBJECT GUIDE

Highlights of ASC's published and unpublished holdings

BUSINESS HISTORY

Our archival records include a large fonds from the Windsor Chamber of Commerce (previously the Windsor Board of Trade), as well as small collections related to specific family or corporate businesses. Thanks to the long history of Windsor & Detroit in automaking, our Special Collections include numerous books detailing the history of automobile manufacturers. A number of our community history books also focus on business and industry. Contact us for details and additional holdings.
