

Which Version of My Article do I Post?

Pre Print

Version Submitted for Review.

Content may be substantially modified by time of publication

Not ideal for open access posting

Accepted Manuscript

Peer reviewed, revised, accepted and submitted for publication

Content generally the same as Publishers PDF, without final layout and editing.

Most common version permitted for open access posting

Publishers PDF

Version of record appearing in the journal.

Open access posting infrequently permitted by the publisher

Verify with the publisher or ask us if this version may be posted
